

**Progress of Archaeological Project**  
**(as at 15 November 2017)**

<b>Item</b>	<b>Project</b>	<b>Background</b>	<b>Progress/Result</b>
<b>Archaeological project undertaken by the Antiquities and Monuments Office</b>			
1.	Archaeological survey for small house developments at Tung Wan on Cheung Chau	An archaeological survey to examine the archaeological potential of three village house sites located within the Tung Wan Site of Archaeological Interest, Cheung Chau.	Fieldwork was conducted from mid to late August 2017. Prehistoric pottery fragments and stone implements were unearthed in the test pits.
