

**Progress of Archaeological Projects**  
**(as at 15 May 2019)**

<b>Item</b>	<b>Project</b>	<b>Background</b>	<b>Progress/Result</b>
<b>Archaeological project undertaken by the Antiquities and Monuments Office</b>			
1.	Archaeological survey for small house development at Lung Kwu Tan, Tuen Mun	An archaeological survey to examine the archaeological potential of a village house site located within the Lung Kwu Tan Site of Archaeological Interest, Tuen Mun.	Fieldwork was conducted from late January to early February 2019. Artefacts dated to Bronze Age, including pottery sherds, and stone artefacts related to the making of slotted ring were found in the test pits of the site.
