Subject: Give West Wing Grade I

---

Dear AAB,

I support a Grade I for the West Wing of the post 1950's Central Government Offices

I refer you to the Xi'an Declaration that speaks to group value of the buildings

The three wings are a group and have more value as a trio. Without the West Wing the other wings are reduced in value

There is much more in the Xi'an Declaration that should be discussed with regard to the grades

Furthermore I warn you against the dismembering of heritage buildings from a site because the City Hall site has a Grade I

However if you begin this precedent of dividing a site then I think you will find that Failing to give each major building on the site the same grade as the entire site could lead to the dismembering if not just this site but the City Hall site in future which was certainly not the intent of those who gave the entire City Hall site Grade I

Regards

Annelise Connell
