Dear AAB,

We don't need another shopping mall that only caters to the rich, that only houses the same stores as other malls, and that would be built by demolishing intact building and killing trees which bear our collective memories. Please respect our cultural and historical environment, it's already shrinking. A good government should act for the people, concern about our living and working environment, but not damaging it!

I support Grade I, Monument Status, for the the post 1950's Former Central Government Offices compond and ALL the buildings within the compound.

1. It's 170 year history justifies all the buidlings being included, just like City Hall.
2. The CGO is an ensemble - not individual buildings.
3. Only the three wings together tell the whole story of Governance.
4. All buildings were designed as a single entitiy.
5. Adaptive reuse is viable.

Regards,
Kendra
