Dear AAB,

I support Grade 1, Monument Status, for the the post 1950's Former Central Government Offices compound and ALL the buildings within the compound.

1. It's 170 year history justifies all the buildings being included, just like City Hall.
2. The CGO is an ensemble - not individual buildings.
3. Only the three wings together tell the whole story of Governance.
4. All buildings were designed as a single entity as what I know Trinity as a single God which includes Holy Father, Holy Son and Holy Sprit.
5. All of these three buildings are combined as a complete history where west wing like Holy Son as Government communicated with Hong Kong people directly.
6. Adaptive reuse is viable.
