Dear Chairman,

Re : Public Views Invited on the Proposed Gradings of the Post 1950 Former Central Government Offices- Views, opinions and proposals for conserving the Government Hill and the West Wing Central Government offices Building

I would like to Grade the said West Wing as Grade 1, based on the document and information I have read so far.

However, I would like to submit a report on “君子以「自強不息、厚德載物」保育「禮賓府政府山」，建設「香港：綠化海港公園之都，文化日暮世寶之都，地下城商場之都，盛事之都」，and based on this report, with the proposed Sundial accepted for installation in the government hill, the entire group of buildings in the government hill, including the said West Wing, shall be graded as monuments, not for demolition certainly, but with certain transformation to be allowed.

The proposed sundial in the Government Hill will lead to transform the entire layout of HKSAR to excel in core values, in greening and cultural development. All the chapters of the proposal are interrelated in fact.

建議書中有關禮賓府和政府山的改動建議能把先賢在「易經」裡傳授的深厚智慧，正是港人歷代以來傳承的崇高核心價值，以實體建築形式，合和太陽之周循運轉，和諧完整地表達和承接下來，發揚光大，實是港人之至幸也！

I confirm that a set of the printed report is delivered by hand to the AMO office mentioned above, and the electronic file is also delivered to the said office, and e-mail to amo@lcsd.gov.hk , care of Miss Catherine Chiu of AMO, tel .
